\*\*with joining to ARKAN service contract (see details at [starline.ru](http://starline.ru))

### SMART DIAGNOSTICS

Save on the vehicle diagnostics - get the car state notifications to the mobile phone

### CONTROL WITH SMARTPHONE

Download free StarLine mobile application for iOS, Android and control over your car security and service functions

### FREE GPS GLONASS TRACKING

With simple and convenient starline.online tracking service you can locate your car position with up to several meters accuracy

### DIALOGUE CODE ENCRYPTION

StarLine Dialogue Code control with personal encryption keys ensures reliable protection from all known code grabbers

### RADIO INTERFERENCE PROTECTION

StarLine stably operates in extreme city radio interference due to unique transceiver with low noise amplifier

### INVISIBLE ENGINE BLOCKING

iCAN guarantees reliable protection with unique patented technology of hidden engine blocking through the factory digital bus

### SMART KEYLESS BYPASS

Save on extra keyless bypass module and key duplicate to implement remote engine start functions. StarLine iKey allows to perform keyless factory immobilizer bypass in cars, equipped with CAN and LIN bus

### AUTO START

Intelligent auto start by temperature, alarm clock, battery voltage and periodic start

### SUPER SLAVE

Control over factory security system with original remote key and additional reliable Dialogue Code authorization with any of StarLine remote or tag (by digital bus or analog connection)

### PIN-CODE AUTHORIZATION

Additional anti-theft protection even in case of stolen keys. Drive is allowed only if owner personal PIN-code entered with original car buttons.

### BLUETOOTH SMART CONTROL AND AUTHORIZATION

Bluetooth Smart technology ensures reliable control over the car security system and comfort functions from smartphone even out of GSM network cover

### 2CAN and 2LIN INTERFACE

2CAN+2LIN interface provide quick, convenient and safe installation of StarLine security systems to the modern vehicles, equipped with CAN and LIN digital bus
